

VTP512 Welding

DESCRIPTION

This workshop is designed for people who have not used a welder before and covers the following topics:

- Personal and work-related safety
- Basic understanding of the manual metal welding process
- Setting up the welding machine
- Preparation of the steel to be welded
- Learning to weld at various angles and positions
- Identifying various weld faults and their cause

ELIGIBILITY/ENTRY REQUIREMENTS

To ensure you have the right skills and support to succeed in your course, a Language, Literacy and Numeracy (LL&N) evaluation helps identify any areas where you may need additional support to help you achieve your goals.

An LLN assessment will be conducted prior to, or soon after, enrolment to determine whether students have any LLN support requirements which must be addressed. There are no additional entry requirements.
