Step 7. Enter or select the parameters for the report you would like to generate:

Example:
- Year = 2014
- Teaching Period = Sem-2
- Unit Code * = ENV300

* this field can be selected as ‘multi-select’ - to do this select the first Unit Code you require, then scroll down to the next required Unit Code, press the Ctrl key then click/select the second Unit Code etc…

This same process can be used for selecting multiple Course Codes or Unit Delivery Locations.
Step 8. Select the 'Summary Mode' you would like for your report to display.
Step 9. If you have selected ‘No Summary’ in the Summary Mode (previous step) then you may select additional fields to be included in your report. Select the relevant items from the ‘Include’ section.

Step 10. Click on ‘Run Report’.
The report is then displayed as follows:

If the report is large, the number of rows displayed, of the total amount of rows generated, will appear at the top and bottom right hand corner of the report, for example:

```
row(s) 1 - 30 of 191 Next
```

To view subsequent rows not displayed click on ‘Next’.

The report can be exported to *Excel* as a file by scrolling to the bottom of screen and selecting

![Export to Excel](image)

The whole report will be exported, not just the rows displayed on the current page.
