

SFI20119 Certificate II in Aquaculture

DESCRIPTION

This qualification reflects the role of individuals who work as aquaculture attendants to support the care of aquatic stock in the aquaculture sector of the seafood industry. In this role, these individuals undertake a range of routine tasks such as handling, feeding and monitoring stock, and monitoring environmental conditions under the direction of a supervisor.

The environments in which these individuals work include:

- aquaculture farms
- aquarium wholesalers and retailers
- hatcheries and nurseries
- live post-harvest holding facilities.

All work is carried out to comply with workplace procedures, according to state/territory health and safety, food safety, biosecurity and environmental regulations, legislation and standards that apply to the workplace.

No licensing, legislative or certification requirements apply to this unit at this time of publication.

ELIGIBILITY/ENTRY REQUIREMENTS

There are no entry requirements for this qualification required by the training package, however CDU requires students to undertake a Language, Literacy and Numeracy (LLN) assessment to determine applicable support requirements; be fit, active and able to function effectively in a tropical environment, as this is a physically demanding course, and students must have a work contract with an approved employer to undertake a traineeship.

DELIVERY DETAILS

Location(s)	Duration*	Study mode
Casuarina Remote	6 months full-time	Face-to-face, simulated and workplace.

* Duration will vary depending on how long a student takes to reach the required competency level.

FEES

Fee Type	2025 Course Fees
Fee Free TAFE*	Free
Full Fee	\$4,126.50

*This course is part of the Fee Free TAFE initiative. Fee Free TAFE and vocational education and training is a joint initiative of the Northern Territory Government and Australian Governments providing tuition-free training places to students wanting to train, retain or upskill.

Fee-free places are available for eligible domestic students who are NT residents; limited places are available, so secure your place now.

Fees shown are indicative and subject to change annually. Actual course fees may vary depending on the units chosen. International non-student visa-holders; study eligibility needs to be verified before enrolment. Fees may vary depending on the visa type. The course fee rates will vary for commercial contract arrangements.

For further clarification and information on fees, payment options, instalment plans, and refunds, contact CDU on 1800 061 963 or refer to [TAFE Fees and Payments](#).

ASSESSMENT

Assessments vary with each unit. You will be provided with an assessment guide.

RECOGNITION OF PRIOR LEARNING (RPL)

RPL is a process that determines whether the skills, knowledge and experience you have gained through your previous study, work or life experience can count towards a vocational training qualification at CDU. For more information, refer to [VET RPL](#).

RESOURCES

Students are issued with learning materials and handouts relevant to each unit but are required to provide some of their own protective clothing for working outdoors, i.e. hat, closed in shoes, sunglasses, long trousers and a long sleeve shirt.

STUDY AND CAREER PATHWAYS

Further training pathways from this qualification include but are not limited to SFI30119 Certificate III in Aquaculture.

Possible occupations relevant to this qualification include:

- Aquaculture Maintenance Worker
- Aquaculture Business Support Worker
- Aquaculture Production Hand Assistant

QUALIFICATION CONTENT

To achieve a SFI20119 Certificate II in Aquaculture a total of twelve (12) units of competency must be completed comprising of five (5) core units and seven (7) elective units as detailed in the packaging rules and listed below. The electives offered may vary between campuses.

CORE UNITS

SFIAQU202	Handle Stock
SFIBIO201	Inspect and clean aquatic work equipment
SFIWHS201	Meet workplace health and safety requirements
SFIXSI102	Communicate in the seafood industry
SFIXSI201	Work effectively in the seafood industry

ELECTIVE UNITS

SFIAQU203	Manipulate stock culture environment
SFIAQU205	Monitor water quality
SFIAQU217	Feed stock
